PLATFORM & RESOLUTIONS.

The Republicans of the State of Nevada in convention assembled do hereby express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved: That the question of a sufficient supply of circulating medium to maintain a permanent range of the price of labor and property is the most important political question existing among the American people.

Resolved: That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and parlances industry and enterprise.

Resolved: That the present financial system of the United States, which increases circulation by the circulating medium to maintain a permanent range of the price of labor and property, is the most important political question existing among the American people.

Resolved: That a financial policy whereby both gold and silver shall form the basis of circulation, will be the only one by the people to be safe, or in existence, to receive recognition, or both as coinage, may be safe, is the only one demanded.

Resolved: That it is the attempt to substitute metallic bank notes, causing the Government, millions of dollars annually, for free silver, costing the people, an outlay upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently diminished silver and seized the revenues of the Government, prior to spending in, shows the more base of the people, and destroys respect for Government and law. We demand that this ring of usurers be destroyed and equal rights restored to all people.

Resolved: That we charge that President Cleveland is the winking tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues paper currency at the expense of the Government, borrows the revenue raised by taxation and uses them up at the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved: That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

Resolved: That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Rock Island amendment to the Bond purchasing bill, equal to half of the secret and fraudulent Junctonization of silver in 1873.

III.

Resolved: That we are in favor of the protection of home industry, and that the laborers of this country have a right to the work required to supply the people of the United States, and that we are in favor of high wages in this country and to that end will protect the wage workers competition with the cheap labor of other nations.

III.

Resolved: That the policy of the government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

III.

Resolved: That we charge President Cleveland with violating every promise he made in view of civil service reform, with crippling the

mail services, with refusing to sign the necessary bill for the improvement of rivers and harbors, with the power of his administration to prevent appropriations for a navy and coast defense, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson, for closing the Carson Mint, when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

IV.

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and immigration laws may be accomplished.

V.

We demand, in behalf of our various industries, the reduction of the duties on lead, borax, soap, hides and leather, and to restore the tariff of 1867 on wool.

VI.

Resolved: That we recognize the right of labor to organize for its lawful protection.

VII.

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this state to the end that the waste waters may be preserved for the purpose of irrigation.

VIII.

We endorse the wise and conservative administration of Governor C. C. Stevens, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn to behalf the interests of the people of this State.

IX.

We favor the granting to Nevada of all Government lands within the State for the purpose of providing means for irrigation, and other improvements.

X.

We favor the granting to Nevada of all Government lands within the State for the purpose of irrigation, and also the basis of circulation, the improvement of rivers and harbors, the building of dams for irrigation, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws, among others.

XI.

We favor the reduction of the Treasury surplus by the payment of pensions to Indian Indians, their wives and orphans, the improvement of rivers and harbors, the building of dams for irrigation, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws, among others.

XII.

We are in favor of re-opening the Carson Mint for coining and raising the wages of its employees to the standard paid by the last Republican Administration.

XIII.

We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employes.
